

# HIDDEN POTENTIAL *by Wendy Pope*

## TIPS AND TRICKS FOR GETTING THE MOST OUT OF YOUR BIBLE STUDY:

- Be intentional! Schedule a time each day to do your study.
- Have kids? Set your alarm for early, and do your study before they wake.
- Don't just download the Study at a Glance; use it to plan out your week of study.
- Don't feel like you have to do every study option. Do what works for *you*.
- Keep all your study materials together for easy access.
- Pray before you begin your study time each day.
- Keep a journal to write out those things God is teaching and speaking into you.
- Don't be afraid to highlight and make notes in your book as you go along.
- Keep a few note cards handy to write Bible verses on, then set them around your home where you'll see them and be reminded of God's love for you.
- For a more well-rounded understanding, try reading Scripture in multiple translations.
- Don't just sit on the sidelines. Participate by engaging with fellow P31 OBSers.
- Give yourself grace for those days you can't get it all done. Don't give up, and don't get discouraged! Whatever you're able to do, God will bless that time and use it.
